

Event Updates

11 Dec 2023 - The response to the tournament has been overwhelming as there have been 28 team submissions. The tournament is now fully booked, but we have started a waiting list and if we get another 15 teams to register, we will reserve Champion's Jackrabbit course in addition to the Cypress course. Based on the continued interest we're seeing in the event, we are confident we'll end up with a full group of players.

We plan to have all the celebrities play the Cypress course. The 28 teams that play the Cypress course will be prioritized based on the following:

- Highest bidding team for each celebrity
- Major sponsors that are also playing in the tournament
- Date when team was registered
