

Auction Items

Below is a selection of auction items that have been generously donated or consigned to our fundraiser. We will have three opportunities for contributors to purchase merchandise or unique travel experiences. First, beginning February 1, we will offer 2 domestic and 4 international travel opportunities that will be on consignment with us. The travel opportunities will be posted on our website with only a "buy-it-now" price feature. Some of these trips will be able to be purchased a few times based on availability. Our intention is to introduce new travel opportunities every couple of weeks until mid-April. Therefore, please save our website as one of your favorites and check it often.

Beginning on April 15, we plan to put a few of the items below and others with either a "buy-it-now" feature or a silent auction approach. On the day of our fundraiser, April 22nd, we will have both silent auction that will close at dinner and a live auction that will begin during dinner.
